

Angel

Music & Lyrics | George Gad

Verse 1

Every day, the same every night
Until when will it last?
The same questions are coming to my mind
God they are so hard
Will she love me some day?
If I tried would she stay?
Come on now don't make me cry
Angel love me I'll die

Bridge

Look me in the eyes and say please no lies

Chorus

And I want you to know
How much I love you now
And the sweetest thing of all
I will never let you down

Verse 2

The day I saw you, the day I lost my mind
I was charmed by your eyes
But I learnt that I couldn't make you mine
So much sadness inside
Too much pain in my heart
Can you feel it my love
Too much sorrow in my soul
Cannot stand it any more

Bridge

My breath is cold I can't say a word
Angel you see, my love is for free
Open your white wings and come close to me.
